Swagatham

न गुरोरधिकं तत्त्वं न गुरोरधिकं तपः।
तत्त्वज्ञानात् परं नास्ति तस्मै श्रीगुरवे नमः।

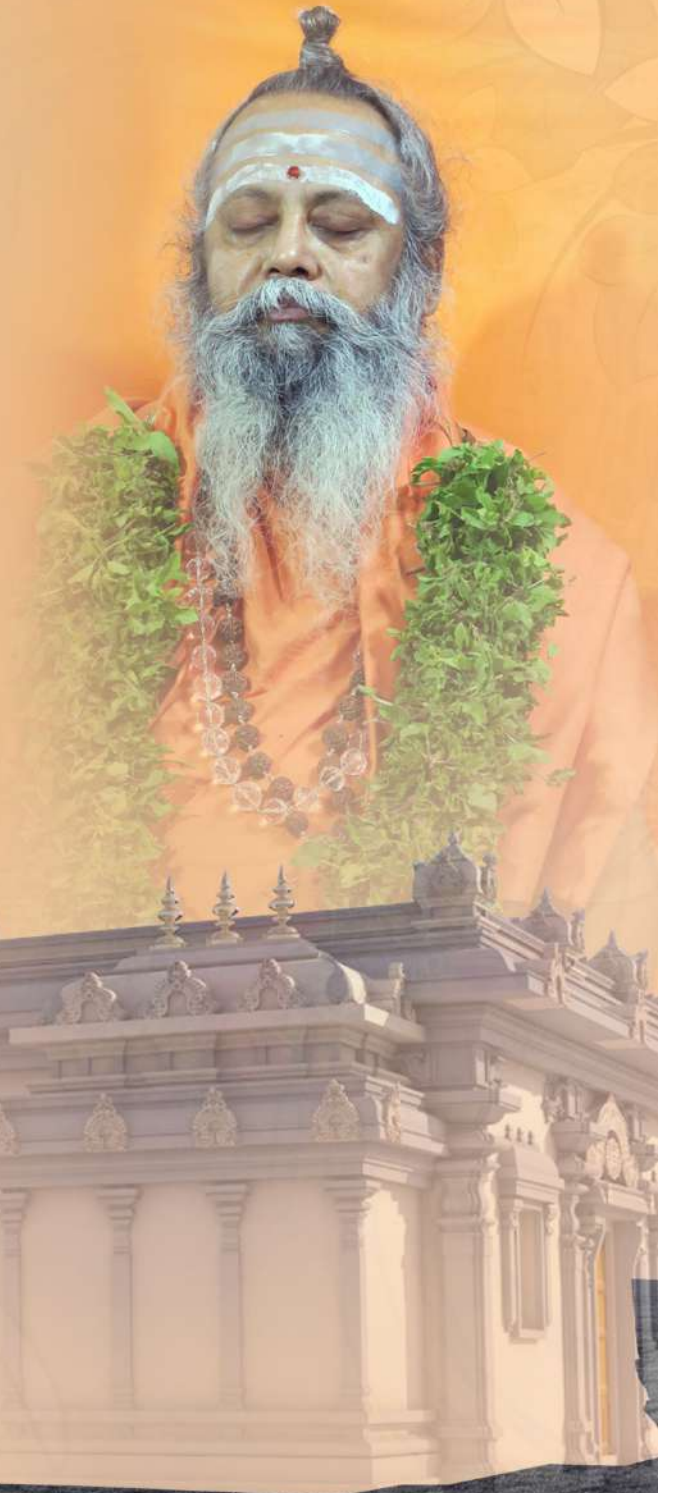

There is no higher truth than the Guru, no higher penance than (service to) the Guru, there is nothing higher than the Knowledge of the truth imparted by the Guru. My salutations to such a Guru, who is himself that very timeless truth (and who has taken a form to bless his disciples like us with real knowledge).

Our Shastras convey that One can attain fulfilment of the Purpose of Life only through the Grace, Blessings and Guidance of a Guru.

In our Tradition, Guru is accorded a High Position and as each one of the Shishyas and Devotees can feel and experience our Guru, Pujiyasri Omkarananda Mahaswamigal occupies a very divine and special place within us and in our lives.

We have a rare opportunity to participate and be a part of the Samarpanam and Maha Kumbhabhishekam of "Adhishtanam and Dhyana Mandapam" to our Guru, Pujiyasri Omkarananda Maha Swamigal, which will adorn Pujiyasri Swamiji's Maha Samadhi Sthal.

As published in the website of Dakshinamnaya Sri Sharada Peetham Sringeri

"The Adhishtanam is a shrine where the mortal coil of the Sanyasins is interred and a Shiva Lingam is consecrated as per the Shastric injunctions. Its also known as Samadhi. The Adhishtanam of a Great Jnani is an abode, radiating serenity, holiness and spiritual splendor. The Devotees, sadhakas and pilgrims who visit the adhistanam and reverentially do pradakshinam, japam, dhyanam, namaskarams and puja, become the recipients of the Jnani's blessings. Spiritual seekers regard the adhishtanam as a place to sit, meditate and resonate with the ultimate silence. Many are the instances, where seekers have been blessed specially while praying in an adhishtanam, with directions, guidance, intuitive revelations, etc. pertaining to their sadhana."

As per the book "Voice of God"

Sri Chandrasekarendra Saraswati MahaSwamigal - Kanchi Maha Periyavaa Says, "When great person attains Siddhi, a ray of their power of Grace will remain in their body, even after the life energy has left it. The place where such a Mahaan's body is buried (Samadhi) will serve as a place for this blessing ray to take root and flow to the Bhaktas. Hence such a Samadhi is called Adhishtanam."
